ŁUKASZ KOT

JUNIOR SOFTWARE DEVELOPER

PROFILE

Ambitious, communicative and always eager to improve my skills. A team work in a professional, yet funny atmosphere, is something I value the most!
At the beginning of my professional career I've acquired experience working with both back-end and front-end.
Currently I'm improving my skills in web development. Working especially with ReactJS library brings me the most fun. Due to the simplicity and numerous possibilities that React brings I bond my future as a software developer particularly with this technology.
Demanding tasks & challenges certainly are no stranger to me.
If you want to learn more about me, then have a look at my portfolio website (link below). Let's work together!

EXPERIENCE

JUNIOR SOFTWARE DEVELOPER

catsSoft IT Systems

March 2017 ~ September 2017 & April 2020 ~ April 2021

- Developing graphic user interfaces with the use of **ReactJS** library.
- Developing applications' functionalities based on the **ASP.NET MVC 5** framework along with technologies such as **HTML 5, CSS 3, Bootstrap and EntityFramework.**

*September 2017 ~ October 2019 - Over two-year stay in Australia.
(Work in non-IT related industries, i.e. as a Food & Beverage Attendant)

PROJECTS

KrewSystem - BSc thesis' final project.

The KrewSystem application is an extension of already existing Blood Donation Center system in Zielona Góra, via implementation of web portal for servicing blood donors. Application is dedicated for BDC's local departments in Lubuskie region, which are located in 5 other cities.
The application's functionality is based on the ASP.NET MVC 5 framework.
Other used technologies, frameworks & libraries: **HTML 5, CSS 3, Bootstrap, EntityFramework, JQuery & Transact-SQL.**

🐙 **Due to the ownership rights I cannot share the source code of the application. However, on my portfolio website you can find a quick overview video how the application is functioning in practice.**

The official website of catsSoft IT Systems.

Responsive website with a functionality to be displayed in 3 languages.
Implemented using technologies such as **ReactJS, HTML5 & CSS3.**

🐙 **https://github.com/lkot/catssoft-webpage**

🌐 **https://catssoft.pl/**

Lukaszkot.biz - my own portfolio website.

Fully responsive website implemented using technologies such as **ReactJS, HTML5, CSS3 & Bootstrap.**
